Two Hundred and Fifty Turks
Shot to Death.

HANGED ON GALATA BRIDGE

Nadir Pasha, Second Eunuch of the Palace, Executed in the Presence of a Vast Throng—Expected That the New Cabinet Will Be Completed This Week—Assembly Ratifies Deportation of Abdul Hamid.

Constantinople, April 30.—The Constitutionalists have lost no time in bringing conspirators in the recent rising to trial. The military court, sitting in the war office, condemned about 250 prisoners to death. They were executed. Nadir Pasha, second eunuch of the palace, whose sentence was pronounced Wednesday, was hanged at dawn on the Galata bridge. His great body was viewed by thousands. The national assembly, which met under the presidency of Said Pasha, decided that the sultan, Mehmed V., should take the oath of the constitution within a week. The assembly also ratified the deportation of Abdul Hamid to Saloniki.

It is expected that the new cabinet will be completed Saturday. The difficulty at present consists in finding suitable men for the ministries of finance and interior. Tewfik Pasha, who will be the grand vizier, has sent a communication to several province officials on this subject. The government has decided to send a commission to Adana to try to courtmartial instigators of the massacres. The committee is authorized to act with the utmost severity.

Chief Authors of the Mutiny.

It is alleged that the chief authors of the recent mutiny were Abdul Hamid's favorite son, Prince Mehmed Burhan Eddine, Rear Admiral Said Pasha, son of Kiamli Pasha, former grand vizier, and Nadir Pasha, who were engaged for a long time prior to the rising in corrupting the troops. The two former have fled.

Asni Bey, inspector general of the Saloniki police, who was charged with the transport of the former sultan to Saloniki, relates that when he arrived at the palace at 1 o'clock in the morning he found Abdul Hamid in a large salon, illuminated as though for a gala occasion by every candle and torch in the building. This was because Abdul Hamid dreads darkness; he had always been in fear of assassins. He sat quite alone, with the exception of two eunuchs. In a corner in the same negligent attire as on the previous day, when the deputation from the national assembly notified him of his deposition.

Upon being informed that he must depart, he beseechingly appealed not to be taken to Saloniki. He wanted to go to the Cheraqhan palace. Finding his supplications in vain, he resigned himself to his fate. He entered the carriage in a dejected manner. Arriving at the railway station, he appeared to be stunned by fear and was obliged to steady himself by grasping the railing leading into the salon, which by the irony of fate was a splendid carriage bearing his own monogram, that he himself had ordered built, but had only ridden in once—a short trip which had left him with a hatred for railways. This, therefore, was his first long journey in the Imperial car.

STORY TOLD IN FIGURES

Full Extent of Van Vlissingen's
Forgeries Revealed.

AT TIME OF HIS EXPOSURE

Outstanding Indebtedness of the Chicago Man Exceeded One Million, Six Hundred Thousand Dollars. Forger Appears to Know But Little as to the Extent of His Operations. Says Lawyers Made Him Continue Crimes.

Chicago, April 30.—The story in figures of Peter Van Vlissingen's gigantic forgeries was revealed fully here in the report of an auditing firm that has spent months in going over the real estate man's books. These are some of the statistics:

That at the time of Van Vlissingen's exposure, Nov. 16, 1908, his outstanding indebtedness, mostly on forged notes and mortgages, amounted to \$1,633,200.

That he had applied in the past eight years \$982,451 on the maturing forgeries in his efforts to liquidate.

That he had sunk \$103,860 in various concerns.

That loans to members of his family in the past eight years amounted to \$58,609.

That he paid to Maurice Rosenfeld and Bernhard Rosenberg, independent of other amounts applied to liquidate the sum of \$102,000.

That he withdrew for his personal account \$121,232.

That the total amount paid out, used for business purposes or spent on his own account in the past eight years, was \$1,653,419.

Van Vlissingen, who was brought from Joliet prison to tell of his assets before Referee in Bankruptcy Frank L. Wean, continued his testimony. So little did he know of the extent of his forgeries that he placed the total at around \$1,000,000.

The forger was examined by Attorney Lessing Rosenthal, representing Rosenfeld & Rosenberg. Van Vlissingen reiterated his accusation against these two men, declaring they knew of his crimes in 1904 and that they made him continue his forgeries in order to pay them \$400,000.

NEW FEDERAL GRAND JURY

Will Reinvestigate Muskogee Town Lot Fraud Cases.

Tulsa, Okla., April 30.—A new federal grand jury has been called to meet in Tulsa on Monday, May 10, to reinvestigate the Muskogee town lot fraud cases in which the names of Governor Charles N. Haskell and half a dozen other prominent Oklahomans were recently involved. Judge Ralph Campbell of the United States circuit court here granted the order for the new jury, which will consist of sixteen men.

When the indictments against these men were quashed on April 10, last, it was on the ground that the indictments were faulty in that they were returned by a grand jury composed of twenty-three men under the federal law instead of by a jury of sixteen, as provided by the Arkansas law, which was held to be in force in old Indian Territory by federal enactment at the time the alleged frauds were committed.

ORDERS OLD RATE RESTORED

North Dakota Railroad Commission Takes Action.

Bismarck, N. D., April 30.—The state board of railroad commissioners has ordered restored in this state the freight rate in effect prior to Jan. 1, 1909.

For many years prior to Jan. 1 the freight rates on small shipments of goods weighing less than 100 pounds in North Dakota, were charged for at the actual weight at the rate per 100 pounds of the class to which the goods belonged and the minimum for each shipment was 25 cents.

On Jan. 1 the railroads put a new rate into effect in this state, making the minimum charge on single shipments of less than 100 pounds the same as though the shipment weighed the full 100 pounds.

Affecting Scene in Court.

Flushing, N. Y., April 30.—An affecting scene was presented at the trial of Captain Peter C. Hains, Jr., when General Hains, retired, aged father of the defendant, related incidents of his son's life from boyhood to the time when driven to madness by his wife's alleged infidelity, he shot down the man who, the defense contended, was the cause of it.

HELD UP BY HIGHWAYMEN

Northern Pacific Passenger Train Robbed in Idaho.

Hauser Junction, Ida., April 30.—Northern Pacific train No. 3 was held up three miles east of this place by two highwaymen.

The robbers cut the engine and one mail car from the train, shot twice at the fireman, ordering him from the engine, put a revolver to Engineer Whittlesey's head and compelled him to send the engine ahead.

Officials at Spokane and Rathdrum were notified and while the mail car was being robbed between Trent and Yardley, posses were forming on either side of the bandits to overhaul them. The engine and mail car ran by the signals at Trent, ten miles east of Spokane and has not appeared at Yardley.

Both Sides Confident.
Mercer, Pa., April 30.—Upon the eve of the trial of James H. Boyle, accused of kidnapping Billy Whittla at Sharon, Pa., both sides seem confident of success. The defense is said to have two witnesses from Youngstown, O., and three from Cleveland.

Aged Woman Murdered.
Rockford, Ill., April 30.—Mrs. Margaret Grippen, sixty-five years old, was found murdered at her home in Winnebago. Robbery is believed to have been the motive. Mrs. Grippen was a cousin of General Lewis Wallace.

THOUSANDS ARE STARVING

Imperative That Refugees Receive Immediate Aid.

Beirut, April 30.—Telegraph lines are now interrupted and little news has been received here from districts where disorders have prevailed for the past two weeks. Although an enormous number of refugees have reached Latakia, the governor, who has been getting troops together, claims that he is perfectly able to protect the city. But this is doubtful, particularly if the British warship Diana now there is withdrawn. Refugees are flocking to all the cities, and it is imperative that they receive immediate aid, as thousands are starving.

MASSACRE WAS PLANNED

Preparations Were Made for Slaughter in Constantinople.

London, April 30.—The Daily Telegraph's Constantinople correspondent says that the report that preparations had been made for a general massacre last Saturday is absolutely confirmed. It appears, says the correspondent, that Tewfik Pasha, former commander-in-chief of those preparations on Friday. In consequence it was decided to issue a proclamation announcing the retention of the sultan on the throne and a forced march was made for fourteen hours, enabling Constantinople to be occupied on Saturday instead of Sunday, as originally planned.

APPEALS FOR HELP

FINALLY HEEDED

Troops Guard American Missionaries at Hadjin.

Constantinople, April 30.—A message was received from the town of Hadjin, in the province of Adana, where five American women missionaries have been alone with thousands of refugees who sought safety there from bands of Moslems. Hadjin has withstood a siege for the past eight days and missionaries have been sending out frantic appeals for help. Finally a message reached here from Miss Lambert, daughter of Bishop Lambert, which said:

"With the arrival of the troops disorders in and about the city have ceased and we are all safe and well."

The new governor general, Mustafa Zihni, is due to arrive at the town of Adana soon. He has been instructed to take the most energetic measures to re-establish order and to relieve sufferers.

Odiel Bey, permanent under secretary of state in the ministry of the interior, said that the government would make a searching investigation into the cause of the disorders and punish instigators.

PEACE IN COAL REGIONS

Assured for Three Years by the New Agreement.

Philadelphia, April 30.—Peace between the mine workers and operators in the anthracite coal regions of Pennsylvania is assured for another period of three years. The agreement, continuing in force until March 31, 1912, was signed here by the committee of seven on behalf of the mine owners and a similar committee representing the workers. With the exception of five added stipulations suggested by the miners the agreement is identical with the one signed in New York three years ago. The mine workers' union is not officially recognized, members of the miners' committee simply signing the agreement "on behalf of representatives of the anthracite mine workers." The conference was harmonious.

KERMIT MAKES GOOD SHOT

Young Roosevelt Hits a Gazelle at Over Five Hundred Yards.

Nairobi, B. E. A., April 30.—Theodore Roosevelt is about to leave the ranch of Sir Alfred Pease on the Athi river for a point in the Mau hills near Machakos, where he hopes to bag a lion. Settlers in the hills have reported seeing a black maned lion every day for several days past. F. C. Selous, the English sportsman, has been in the Mau hills for nearly a week.

Kermit Roosevelt did some good shooting near the Pease ranch two days ago. He brought down a Thompson gazelle at the first shot at a distance of 570 yards.

WEATHER FORECAST

Partly cloudy and colder tonight with freezing temperature. Snow flurries in northeast portion. Saturday fair with rising temperature.

THIS weather isn't just exactly what the base ball fans could wish, but for snow ball weather it can't be beat.

If you meet the Queen of May you may not recognize her at first glance. She will have on snow shoes and a fur coat.

THE country press don't like to see Bob Dunn eliminated from the list of eligible candidates for governor by the Washington correspondents.

A MEMBER of the legislature from Minneapolis and a former speaker of the house, Lawrence H. Johnson, is seeking a divorce from his wife on the

A WHITE whale has been captured off the Atlantic coast—and Roosevelt in the wilds of Africa. Possibly, however, he will get a white rhinoceros and people do get white elephants.

IF the old saying is true that a snow storm at this time is as good as a spread of fertilizer we have been treated to about four spreads and the crop is assured as far as fertility is concerned.

AND now Sweden is to have a tussle with tariff revision, the work to start in 1910. In case congress does not get the matter settled by that time we might get some pointers from across the water.

WITH over a million dollars spent annually in the city by the students it is no wonder that the citizens of Minneapolis take a pride in the state university. It is one of the great feeders that helps make the city what it is.

THE drainage commission has re-appointed George Ralph as state engineer at a salary of \$3,000, and as the gentleman has served the state for many years in the same capacity Engineer Ralph must have made good.

MICHIGAN wants a tonnage tax on iron ore of 25 cents per ton regardless of its quality, that is, a representative by the name of Farmer wants it and has introduced a bill to that effect. It sounds like a bill to "farm" the mine owners.

AN HEIR blesses the Dutch throne and all Holland rejoices. A daughter has been born to Queen Wilhelmina and the fear of the extinction of the house of Orange and the blotting out of the kingdom of The Netherlands as a separate entity is over.

THE twin city papers are howling about the omnibus road and bridge bill and intimate that the supreme court will be called upon to pass upon its legality. The city fellows would all be in favor of the \$200,000 appropriation for a grand stand at the state fair but when it comes to roads and bridges in the northern part of the state, never.

BRO. DARE, of the Elk River Star-News, thinks a few years on a country newspaper will do more for a man who cares to follow that profession than a life time spent at a school for "journalism," which is being talked of for the state university, and the opinion is that the Elk River editor said something.

THE reason is given for the excessive high price of eggs that there are not hens enough in the country to supply the demand. The people ate more hens last year than usual and thought they were saving money on something else "not just as good." Now they are making up for it by paying a double price for hen fruit.

SENATOR NELSON has posed before a moving picture machine on the steps of the national capitol for a syndicate who are to exhibit the films in the Senator's native land. President Taft was also "taken" by the same process and thus two of America's foremost citizens will be viewed by many who otherwise would only know of them through history.

A BILL was passed at the recent session of the legislature authorizing city councils to appropriate not to exceed \$300 for the proper observance of Memorial day. This is a measure that should meet with the approval of every patriotic citizen, the old soldiers having passed that time in life where the burden of the expense should not be left with them to carry, and now that the expenditure is directed by law they will have no further anxiety in the matter.

WEATHER FORECAST
Partly cloudy and colder tonight with freezing temperature. Snow flurries in northeast portion. Saturday fair with rising temperature.

This weather isn't just exactly what the base ball fans could wish, but for snow ball weather it can't be beat.

If you meet the Queen of May you may not recognize her at first glance. She will have on snow shoes and a fur coat.

THE country press don't like to see Bob Dunn eliminated from the list of eligible candidates for governor by the Washington correspondents.

A MEMBER of the legislature from Minneapolis and a former speaker of the house, Lawrence H. Johnson, is seeking a divorce from his wife on the

A WHITE whale has been captured off the Atlantic coast—and Roosevelt in the wilds of Africa. Possibly, however, he will get a white rhinoceros and people do get white elephants.

IF THE old saying is true that a snow storm at this time is as good as a spread of fertilizer we have been treated to about four spreads and the crop is assured as far as fertility is concerned.

AND now Sweden is to have a tussle with tariff revision, the work to start in 1910. In case congress does not get the matter settled by that time we might get some pointers from across the water.

WITH over a million dollars spent annually in the city by the students it is no wonder that the citizens of Minneapolis take a pride in the state university. It is one of the great feeders that helps make the city what it is.

THE drainage commission has re-appointed George Ralph as state engineer at a salary of \$3,000, and as the gentleman has served the state for many years in the same capacity Engineer Ralph must have made good.

MICHIGAN wants a tonnage tax on iron ore of 25 cents per ton regardless of its quality, that is, a representative by the name of Farmer wants it and has introduced a bill to that effect. It sounds like a bill to "farm" the mine owners.

AN HEIR blesses the Dutch throne and all Holland rejoices. A daughter has been born to Queen Wilhelmina and the fear of the extinction of the house of Orange and the blotting out of the kingdom of The Netherlands as a separate entity is over.

THE twin city papers are howling about the omnibus road and bridge bill and intimate that the supreme court will be called upon to pass upon its legality. The city fellows would all be in favor of the \$200,000 appropriation for a grand stand at the state fair but when it comes to roads and bridges in the northern part of the state, never.

BRO. DARE, of the Elk River Star-News, thinks a few years on a country newspaper will do more for a man who cares to follow that profession than a life time spent at a school for "journalism," which is being talked of for the state university, and the opinion is that the Elk River editor said something.

THE reason is given for the excessive high price of eggs that there are not hens enough in the country to supply the demand. The people ate more hens last year than usual and thought they were saving money on something else "not just as good." Now they are making up for it by paying a double price for hen fruit.

SENATOR NELSON has posed before a moving picture machine on the steps of the national capitol for a syndicate who are to exhibit the films in the Senator's native land. President Taft was also "taken" by the same process and thus two of America's foremost citizens will be viewed by many who otherwise would only know of them through history.

A BILL was passed at the recent session of the legislature authorizing city councils to appropriate not to exceed \$300 for the proper observance of Memorial day. This is a measure that should meet with the approval of every patriotic citizen, the old soldiers having passed that time in life where the burden of the expense should not be left with them to carry, and now that the expenditure is directed by law they will have no further anxiety in the matter.

INSTRUCTIONS FOR ASSESSORS

Minnesota Tax Commission Issues Circulars for Guidance of Assessors of the State

The state tax commission has issued a circular letter to the assessors of Minnesota explaining their duties in the matter of making assessments and securing valuations. Four of these instructions are of interest to the general public as showing the duties not only of the assessors but of the property owners in the matter. They are as follows:

1. The first and most vitally important thing in making a proper assessment is to see that all property subject to taxation is placed upon the lists. The escape of any property from the assessment rolls imposes an unjust and added burden on the tax payer whose property is fully listed. Be sure therefore to get all property in your district on the assessment books.

2. It is perfectly proper and the law contemplates that you should obtain from the owner his estimate of the value of the different items of property listed by him; but it is not your duty to accept his estimate as correct or final; on the contrary it is your duty—in fact, it is your principal function—to determine the value yourself. In order to do this intelligently the law requires so far as possible that you actually view all property assessed.

3. You are not authorized in any case to grant the \$100 exemption provided by law. The duty is performed by the county auditor. You should however inform the tax payers of your district that only those who list all of their property and swear to their lists are entitled to the exemption.

4. You have no authority to deduct debts from credits unless the person claiming the deduction makes and leaves with you an affidavit showing the names and residences of the persons to whom the debts are owing and setting forth also the other facts required by section 836, "Revised Laws of Minnesota, 1905."

We often wonder how any person can be persuaded into taking anything but Foley's Honey and Tar for coughs, colds and lung trouble. Do not be fooled into accepting "own make" or other substitutes. The genuine contains no harmful drugs and is in a yellow package. H. P. Dunn mwf

MUSIC AND DRAMA

"Girls"

Clyde Fitch's greatest comedy success, "Girls," which proved the rage of New York at Daly's Theatre, and which will be the attraction at the opera house May 5, is proving that people like to laugh at clean fun. Seats go on sale at Dunn's drug store 10 a. m., May 4.

THE WORST STORM OF THE SEASON

Snow Fall Continued Steadily all Night Thursday Night and Wind Blew

THE STORM IS SPREADING

Began Snowing at International Falls Thursday Night and Snowed all Night

The storm which commenced Wednesday forenoon continued to rage all Thursday night and is evidently becoming more and more widely extended. It commenced snowing at International Falls Thursday night and four inches fell during the night and it was still snowing this morning. There is eight inches of snow reported from Margie and similar snow fall is reported from other northern points. No. 53, the fast freight for the west was annulled between Central Avenue, Duluth, and Staples last night and not a freight train is moving between Staples and Duluth today. Old railroad men state that should the mercury drop below zero the worst tieup of the season would follow as the snow is so damp that it would turn to ice on the rails.

There has nearly if not two feet of snow fallen since the storm commenced. Of the three rural mail carriers on the routes out of Brainerd only one made his entire route yesterday, the other two making but about two-thirds of their rounds. The soft snow packs solid between the spokes of the vehicle wheels making an empty wagon a load for a team on a paved street. The Cross Lake stage turned back this morning after attempting the trip, getting less than two miles from the city limits, it being impossible to get through on account of the snow drifts.

Notice

All residents of Brainerd are notified that all rubbish, garbage and waste material of any kind must be removed from their premises and alleys before May 15th.

BIG DEFICIT IS INDICATED

Budget Presented to British House of Commons.

London, April 30.—Before a crowded house of commons Chancellor of the Exchequer David Lloyd George presented the budget for 1909-10 and explained that it entailed a deficit of nearly \$80,000,000. This deficit was caused largely by the operation of the old age pension law, many other social reforms that the government had undertaken and increased appropriations for the navy.

The chancellor said the government would not attempt to effect a loan to cover the liabilities, as it would be better to meet the problem now than to postpone it for future worry.

He declared that the \$8,000,000 provided for the construction of Dreadnoughts would be expended only as the need arose.

The growth of temperance in England, the chancellor explained, cut down the government's revenues materially. The beer duty is now producing less than at any time in the past ten years.

HOUSE SESSION IS BRIEF

None of the Important Business Is Taken Up.

Washington, April 30.—In an eleven minute session the house did not take up any of the important business which will have to be considered this session. Mr. Wagner (Pa.) endeavored to obtain the adoption of a resolution of good will and friendliness for the people of Turkey and the new sovereign, but Mr. Macon (Ark.) objected and the matter went over.

The house adjourned to meet again at noon on Monday.

If you have backache and urinary troubles you should take Foley's Kidney Remedy to strengthen and build up the kidneys so they will act properly, as a serious kidney trouble may develop. H. P. Dunn. mwf

LOBBYIST ON THE STAND

Admits Receiving Money From Stephenson's Manager.

Madison, Wis., April 30.—Robert Luscombe, formerly of Milwaukee and well known as a legislative lobbyist, admitted to the senate investigating committee that he received \$2,500 from John H. Puelicher, Senator Stephenson's Milwaukee banker, for services in connection with the senatorial election two years ago. Luscombe said his services were of an advisory character.

Nels Johnson contradicted Assemblyman Thomas' testimony as to the meeting at Game Warden Stone's house. Johnson said it was Thomas who proposed that three wardens assume \$500 between them of the \$1,200 given to Deputy Bowman. Thomas testified some time ago that he took no part in the conversation.

George D. Orput of Platteville said he spent \$1,575 in behalf of Samuel A. Cook and about as much of his own money for Congressman A. W. Kopp.

Three Women Drowned.

Henrietta, Tex., April 30.—While bathing in the Little Wichita river, Mrs. J. E. Elbus, Miss Katherine Weaver and Miss Mazelle Ellis were caught in a strong undertow, swept into a deep hole and drowned. Half a dozen girls were unable to render any assistance.

During the spring every one would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood by stimulating the kidneys, and causing them to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. H. P. Dunn. mwf

LOCAL NEWS NOTES

(Continued from 2nd page)

Brown-Burt logging company has laid up the crew which was rolling the dead heads into the water.

At the gathering of Modern Woodmen last evening, handsome jeweled badges for the past venerable consuls of the local camp were presented these gentlemen. They were purchased for the lodge by A. L. Hoffman, who was one of the five entitled to wear the decorations, at a cost of \$75 each. The gentlemen receiving them were, H. T. Skinner, M. E. Morrison, J. J. Cummings, R. L. Weeks and A. L. Hoffman.

Wm. C. White, of Deerwood, arrived there from his winter home in Milwaukee yesterday forenoon and came to Brainerd last night on business. He had intended to remain in Milwaukee until spring but decided it was useless to wait. His family will probably arrive in Deerwood in a week or so, for the summer. Cuyler Adams and family are also expected in Deerwood, from Duluth, where they have been spending the winter, within a short time.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation. If you have a headache, it's blood pressure. If it's a painful period with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure. Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense. INSTRUCTIONS FOR ASSESSORS

Minnesota Tax Commission Issues Circulars for Guidance of Assessors of the State

The state tax commission has issued a circular letter to the assessors of Minnesota explaining their duties in the matter of making assessments and securing valuations. Four of these instructions are of interest to the general public as showing the duties not only of the assessors but of the property owners in the matter. They are as follows:

1. The first and most vitally important thing in making a proper assessment is to see that all property subject to taxation is placed upon the lists. The escape of any property from the assessment rolls imposes an unjust and added burden on the tax payer whose property is fully listed. Be sure therefore to get all property in your district on the assessment books.

2. It is perfectly proper and the law contemplates that you should obtain from the owner his estimate of the value of the different items of property listed by him; but it is not your duty to accept his estimate as correct or final; on the contrary it is your duty—in fact, it is your principal function—to determine the value yourself. In order to do this intelligently the law requires so far as possible that you actually view all property assessed.

3. You are not authorized in any case to grant the \$100 exemption provided by law. The duty is performed by the county auditor. You should however inform the tax payers of your district that only those who list all of their property and swear to their lists are entitled to the exemption.

4. You have no authority to deduct debts from credits unless the person claiming the deduction makes and leaves with you an affidavit showing the names and residences of the persons to whom the debts are owing and setting forth also the other facts required by section 886, "Revised Laws of Minnesota, 1905."

We often wonder how any person can be persuaded into taking anything but Foley's Honey and Tar for coughs, colds and lung trouble. Do not be fooled into accepting "own make" or other substitutes. The genuine contains no harmful drugs and is in a yellow package. H. P. Dunn mwf

MUSIC AND DRAMA

"Girls"

Clyde Fitch's greatest comedy success, "Girls," which proved the rage of New York at Daly's Theatre, and which will be the attraction at the opera house May 5, is proving that people like to laugh at clean fun. This original and gently satirical treatment of the eternal feminine and her relations to man has probably caused more laughter and sympathetic attention than any play staged in years. Seats go on sale at Dunn's drug store 10 a. m., May 4.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. H. P. Dunn. mwf

THE WORST STORM OF THE SEASON

Snow Fall Continued Steadily all Night Thursday Night and Wind Blew

THE STORM IS SPREADING

Began Snowing at International Falls Thursday Night and Snowed all Night

The storm which commenced Wednesday forenoon continued to rage all Thursday night and is evidently becoming more and more widely extended. It commenced snowing at International Falls Thursday night and four inches fell during the night and it was still snowing this morning. There is eight inches of snow reported from Margie and similar snow fall is reported from other northern points. No. 53, the fast freight for the west was annulled between Central Avenue, Duluth, and Staples last night and not a freight train is moving between Staples and Duluth today. Old railroad men state that should the mercury drop below zero the worst tieup of the season would follow as the snow is so damp that it would turn to ice on the rails.

There has nearly if not two feet of snow fallen since the storm commenced. Of the three rural mail carriers on the routes out of Brainerd only one made his entire route yesterday, the other two making but about two-thirds of their rounds. The soft snow packs solid between the spokes of the vehicle wheels making an empty wagon a load for a team on a paved street. The Cross Lake stage turned back this morning after attempting the trip, getting less than two miles from the city limits, it being impossible to get through on account of the snow drifts.

Notice

All residents of Brainerd are notified that all rubbish, garbage and waste material of any kind must be removed from their premises and alleys before May 15th.

BIG DEFICIT IS INDICATED

Budget Presented to British House of Commons.

London, April 30.—Before a crowded house of commons Chancellor of the Exchequer David Lloyd George presented the budget for 1909-10 and explained that it entailed a deficit of nearly \$80,000,000. This deficit was caused largely by the operation of the old age pension law, many other social reforms that the government had undertaken and increased appropriations for the navy.

The chancellor said the government would not attempt to effect a loan to cover the liabilities, as it would be better to meet the problem now than to postpone it for future worry.

He declared that the \$8,000,000 provided for the construction of Dreadnoughts would be expended only as the need arose.

The growth of temperance in England, the chancellor explained, cut down the government's revenues materially. The beer duty is now producing less than at any time in the past ten years.

HOUSE SESSION IS BRIEF

None of the Important Business is Taken Up.

Washington, April 30.—In an eleven minute session the house did not take up any of the important business which will have to be considered this session. Mr. Wagner (Pa.) endeavored to obtain the adoption of a resolution of good will and friendliness for the people of Turkey and the new sovereign, but Mr. Macon (Ark.) objected and the matter went over.

The house adjourned to meet again at noon on Monday.

If you have backache and urinary troubles you should take Foley's Kidney Remedy to strengthen and build up the kidneys so they will act properly, as a serious kidney trouble may develop. H. P. Dunn. mwf

I'll Pay The Grocer

To express my thanks to you for buying your first cake of Galvanic Laundry Soap, price 5c, I'll buy of the grocer for you a full-sized cake of Palmolive Soap—the daintiest toilet and bath soap you know—soap never sold for less than 10c.

When you buy your first cake of Galvanic Soap, I give you 3 times as much soap as you pay for.

I do this because I am asking a favor when I ask you to take my word for Galvanic until you have tried it and know.

I realize that you dislike trying different soaps. But I wouldn't ask you to try Galvanic if I wasn't sure you will use it again.

I simply ask this chance to show you how very much better Galvanic Soap is than the merely good soap you use now.

It's Honest Soap

Galvanic makes the clothes cleaner and whiter and goes twice as far as yellow soap.

No boiling required. No rubbing—except where very much soiled.

One reason is coconut oil.

I go 10,349 miles—to Ceylon—to get this oil.

Others won't use it because it's expensive, yet it's immensely effective.

Galvanic doesn't harm the clothes.

I've 36 years' reputation dependent on this soap.

PLEADS FOR FREE LUMBER

Senator Nelson of Minnesota Delivers Address in the Senate.

Washington, April 30.—The entire time of the senate again was given to the general discussion of the tariff bill. Senator Rayner of Maryland led off with a general denunciation of the protective system of the Republican party. He was followed by Senator Nelson of Minnesota, who made an earnest plea for the admission of lumber free of duty. His assertions aroused a quite general discussion, which was participated in by Senators Hale, Warren, Carter, Clapp, McLaurin, McCumber, Elkins, Aldrich and Gallinger.

SAYS STORY WAS INCORRECT

Estate's Principal Witness Creates Sensation in Court.

Neosha, Mo., April 30.—In the trial here of Miss "Johnny" Davidson, charged with the killing of Roy Ramsour, her sister's sweetheart, C. L. Williams, the state's principal witness, created excitement in the crowded courtroom by admitting that the story of the killing as told by him at the coroner's inquest was incorrect. He denied that the statements he made at that time were recorded as he made them. The coroner and court reporter and various other witnesses were put on the stand to prove that the records were correct.

Examination compelled Williams to admit that his statement at the preliminary examination that Miss Davidson and Ramsour had not struggled while they were falling was not true. He contended that they were struggling as they fell.

ROCKEFELLER ON THE STAND

John D. Jr., Testifies in Libel Suit in New York.

New York, April 30.—The trial of an indictment against the Star company, publishers of the New York American, charging the publication of an article alleged to have libelled John D. Rockefeller, Jr., has been begun here. A jury was secured and the case of the prosecution partially presented.

The article connected Mr. Rockefeller's name with a peonage system said to have been inaugurated in the West. Mr. Rockefeller testified that he had never been connected with the corporation and had never had any knowledge of any peonage system.

The defense submitted a retraction of the article, published the day after the publication of the original article. A motion to dismiss the indictment was denied.

Charges to Be Investigated.

Washington, April 30.—Senator Smoot has received assurances from officials of the department of justice that there would be an investigation of the charges of discrimination by Harriman railroads recently made by merchants of Salt Lake and other cities in Utah.

SEVERE STORM HITS CHICAGO

Several Persons Are Killed or Seriously Injured.

ALL TELEGRAPH WIRES DOWN

City Cut Off From Direct Communication With the Outside World for Nearly Two Hours—Center of the Storm Was on the South Side of the City, Where the Property Loss Was Heavy.

Chicago, April 30.—An electric storm accompanied by a gale of wind that approached the fury of a cyclone burst upon this city, bringing death to at least five persons and cutting the city off from direct outside communication for nearly two hours.

The center of the storm was on the south side of the city. Here one laborer was killed and nine more were injured when the roof of the Grand Crossing Tack company's plant was blown off.

A cottage at Seventy-ninth street and Ellis avenue was blown down and it was reported that two men were killed and a woman and a child injured.

Telegraph and telephone wires were cut down on all sides of the city. It was the most complete prostration of wire service in twelve years. The Western Union reported that all its wires were cut off as though by a flash of lightning. The Postal Telegraph company had the only wire to New York.

Two inches of rain fell. Many persons were injured by flying boards and knocked down by street cars and wagons.

Great Damage was done in the suburbs. The wind reached a velocity of forty-eight miles an hour.

The roof of a southbound Calumet and South Chicago street railway car was blown off and several passengers were injured.

Miss Edna Smith was blown from the platform of the Illinois Central station at Eighty-third street and injured severely. When the police took her home they found that the house had been destroyed.

The family of Charles Meleca was at supper in their Morton Park home when the wind rolled the house over. Meleca's back was broken and the others were badly hurt.

Walter Peptach was in the kitchen of his West Pullman home when lightning struck the house. The chimney fell on his head and fractured his skull.

Twenty-five houses were blown down or damaged by the storm in Blue Island, a southwestern suburb. More than fifty houses were unroofed in Grand Crossing. The Hyde Park automobile police patrol was struck by lightning while on a run and burned.

The roof of a residence at 8018 Jackson avenue was blown off and the house collapsed on John Sebor, who was ill in bed. Firemen dug him out.

FOURTEEN PERSONS HURT

Tornado Wrecks Many Houses in an Arkansas Town.

Knoxville, Ark., April 30.—Fourteen persons were injured, two seriously, in a tornado here. Many houses were wrecked and great damage done to property. The storm passed over what is known as the "cyclone belt," which has had six tornadoes in the past two years.

Four Killed by Tornado.

Cassville, Mo., April 30.—Four people were killed, at least twelve injured and great damage done by a tornado in Golden, near here. The town was completely destroyed, every building being razed, according to reports received here.

Severe Storm in Iowa.

Cherokee, Ia., April 30.—Thousands of dollars of damage was done by a storm which swept the country two to five miles north of Cherokee. No casualties have been reported.

TWO PERSONS DIE BY FIRE

Several Others Badly Injured in New York.

New York, April 30.—At least two persons were burned to death and many severely injured in a fire which threatened to destroy the six-story tenement at 37 Spring street. The fire, which started on the third floor and worked up to the roof, imprisoned many families.

Half an hour after the fire was discovered the dead bodies of two persons were taken from the building and several children, badly burned, were taken to hospitals. The fire at that time was not under control.

Fatally Injured Himself.

Chippewa Falls, Wis., April 30.—Benjamin E. Muntz, undertaker for Hoenig brothers of this city, died at the Northwestern hospital as the result of gasches received by attempting to throw himself from the second story window while delirious from blood poisoning.

Three Generations of Effort— That's What Clothcraft Means

Three generations of honest men have put their whole lives into CLOTHCRAFT CLOTHES.

All wool clothes with smartness and style to sell at sensible men's prices—this has been their meat and drink, their very existence, for 59 years.

These years have produced the wonderful processes and methods that make CLOTHCRAFT goodness and prices possible.

Clothcraft Clothes

All Wool—\$10 to \$25

Think of it! The only clothing in this big land of ours that can be made of guaranteed wool and sold at \$10 to \$25.

The CLOTHCRAFT Guarantee kills the one chance that you take with any other clothing at common sense prices—the chance that the store-style and the store-smartness won't last.

You know that the style won't last unless the clothes are well made and unless they are pure wool.

Style That Holds

Smart clothes that stay smart and that sell at your price—this is what these honest men have produced for you in their 59 years of endeavor.

We know these men. We know their wonderful factory. We know their clothes.

So we cheerfully add our guarantee to theirs.

You take no chances with CLOTHCRAFT CLOTHES.

To Digest the Food

Bile in the intestines is as important to digestion as are the gastric juices in the stomach and bile is only supplied when the liver is in active condition.

The serious and chronic forms of indigestion are cured by Dr. A. W. Chase's Kidney and Liver Pills because of their influence on the liver causing a good flow of bile to aid digestion and keep the bowels regular, thereby preventing fermentation of the food, the formation of gas and all the disagreeable symptoms of indigestion.

Long standing cases of chronic indigestion yield to Dr. A. W. Chase's Kidney and Liver Pills after all else has failed.

MR. F. W. BIGLEY, Murrayville, W. Va., writes:—"For sixteen years I suffered from indigestion and liver trouble and consulted several physicians in vain. Two boxes of Dr. A. W. Chase's Kidney and Liver Pills did more for me than all the medicines I ever used. My mother used them with equally good results."

FREE—to All Housewives

I'll Pay The Grocer

To express my thanks to you for buying your first cake of Galvanic Laundry Soap, price 5c, I'll buy of the grocer for you a full-sized cake of Palmolive Soap—the daintiest toilet and bath soap you know—soap never sold for less than 10c.

When you buy your first cake of Galvanic Soap, I give you 3 times as much soap as you pay for.

I do this because I am asking a favor when I ask you to take my word for Galvanic until you have tried it and know.

I realize that you dislike trying different soaps. But I wouldn't ask you to try Galvanic if I wasn't sure you will use it again.

I simply ask this chance to show you how very much better Galvanic Soap is than the merely good soap you use now.

It's Honest Soap

Galvanic makes the clothes cleaner and whiter and goes twice as far as yellow soap.

No boiling required. No rubbing—except where very much soiled.

One reason is coconut oil.

I go 10,349 miles—to Ceylon—to get this oil.

Others won't use it because it's expensive, yet it's immensely effective.

Galvanic doesn't harm the clothes.

I've 36 years' reputation dependent on this soap.

PLEADS FOR FREE LUMBER

Senator Nelson of Minnesota Delivers Address in the Senate.

Washington, April 30.—The entire time of the senate again was given to the general discussion of the tariff bill. Senator Nelson of Minnesota led off with a general denunciation of the protective system of the Republican party. He was followed by Senator Nelson of Minnesota, who made an earnest plea for the admission of lumber free of duty. His assertions aroused a quite general discussion, which was participated in by Senators Hale, Warren, Carter, Clapp, McLaurin, McCumber, Elkins, Aldrich and Gallinger.

SAYS STORY WAS INCORRECT

State's Principal Witness Creates Sensation in Court.

Neosha, Mo., April 30.—In the trial here of Miss "Johnny" Davidson, charged with the killing of Roy Ramsour, her sister's sweetheart, C. L. Williams, the state's principal witness, created excitement in the crowded courtroom by admitting that the story of the killing as told by him at the coroner's inquest was incorrect. He denied that the statements he made at that time were recorded as he made them. The coroner and court reporter and various other witnesses were put on the stand to prove that the records were correct.

Examination compelled Williams to admit that his statement at the preliminary examination that Miss Davidson and Ramsour had not struggled while they were falling was not true. He contended that they were struggling as they fell.

ROCKEFELLER ON THE STAND

John D. Jr., Testifies in Libel Suit in New York.

New York, April 30.—The trial of an indictment against the Star company, publishers of the New York American, charging the publication of an article alleged to have libelled John D. Rockefeller, Jr., has been begun here. A jury was secured and the case of the prosecution partially presented.

The article connected Mr. Rockefeller's name with a peonage system said to have been inaugurated in the West. Mr. Rockefeller testified that he had never been connected with the corporation and had never had any knowledge of any peonage system.

The defense submitted a retraction of the article, published the day after the publication of the original article. A motion to dismiss the indictment was denied.

Charges to Be Investigated.

Washington, April 30.—Senator Smoot has received assurances from officials of the department of justice that there would be an investigation of the charges of discrimination by Harriman railroads recently made by merchants of Salt Lake and other cities in Utah.

SEVERE STORM HITS CHICAGO

Several Persons Are Killed or Seriously Injured.

ALL TELEGRAPH WIRES DOWN

City Cut Off From Direct Communication With the Outside World for Nearly Two Hours—Center of the Storm Was on the South Side of the City, Where the Property Loss Was Heavy.

Chicago, April 30.—An electric storm accompanied by a gale of wind that approached the fury of a cyclone burst upon this city, bringing death to at least five persons and cutting the city off from direct outside communication for nearly two hours.

The center of the storm was on the south side of the city. Here one laborer was killed and nine more were injured when the roof of the Grand Crossing Tack company's plant was blown off.

A cottage at Seventy-ninth street and Ellis avenue was blown down and it was reported that two men were killed and a woman and a child injured.

Telegraph and telephone wires were cut down on all sides of the city. It was the most complete prostration of wire service in twelve years. The Western Union reported that all its wires were cut off as though by a flash of lightning. The Postal Telegraph company had the only wire to New York.

Two inches of rain fell. Many persons were injured by flying boards and knocked down by street cars and wagons.

Great Damage was done in the suburbs. The wind reached a velocity of forty-eight miles an hour.

The roof of a southbound Calumet and South Chicago street railway car was blown off and several passengers were injured.

Miss Edna Smith was blown from the platform of the Illinois Central station at Eighty-third street and injured severely. When the police took her home they found that the house had been destroyed.

The family of Charles Meleca was at supper in their Morton Park home when the wind rolled the house over. Meleca's back was broken and the others were badly hurt.

Walter Peptach was in the kitchen of his West Pullman home when lightning struck the house. The chimney fell on his head and fractured his skull.

Twenty-five houses were blown down or damaged by the storm in Blue Island, a southwestern suburb.

More than fifty houses were unroofed in Grand Crossing. The Hyde Park automobile police patrol was struck by lightning while on a run and burned.

The roof of a residence at 8018 Jackson avenue was blown off and the house collapsed on John Sebor, who was ill in bed. Firemen dug him out.

FOURTEEN PERSONS HURT

Tornado Wrecks Many Houses in an Arkansas Town.

Knoxville, Ark., April 30.—Fourteen persons were injured, two seriously, in a tornado here. Many houses were wrecked and great damage done to property. The storm passed over what is known as the "cyclone belt," which has had six tornadoes in the past two years.

Four Killed by Tornado.

Cassville, Mo., April 30.—Four people were killed, at least twelve injured and great damage done by a tornado in Golden, near here. The town was completely destroyed, every building being razed, according to reports received here.

Severe Storm in Iowa.

Cherokee, Ia., April 30.—Thousands of dollars of damage was done by a storm which swept the country two to five miles north of Cherokee. No casualties have been reported.

TWO PERSONS DIE BY FIRE

Several Others Badly Injured in New York.

New York, April 30.—At least two persons were burned to death and many severely injured in a fire which threatened to destroy the six-story tenement at 37 Spring street. The fire, which started on the third floor and worked up to the roof, imprisoned many families.

Half an hour after the fire was discovered the dead bodies of two persons were taken from the building and several children, badly burned, were taken to hospitals. The fire at that time was not under control.

Fatally Injured Himself.

Chippewa Falls, Wis., April 30.—Benjamin E. Muntz, undertaker for Hoehn brothers of this city, died at the Northwestern hospital as the result of gashes received by attempting to throw himself from the second story window while delirious from blood poisoning.

Three Generations of Effort— That's What Clothcraft Means

Three generations of honest men have put their whole lives into CLOTHCRAFT CLOTHES.

All wool clothes with smartness and style to sell at sensible men's prices—this has been their meat and drink, their very existence, for 59 years.

These years have produced the wonderful processes and methods that make CLOTHCRAFT goodness and prices possible.

Clothcraft Clothes

All Wool—\$10 to \$25

Think of it! The only clothing in this big land of ours that can be made of guaranteed wool and sold at \$10 to \$25.

The CLOTHCRAFT Guarantee kills the one chance that you take with any other clothing at common sense prices—the chance that the store-style and the store-smartness won't last.

You know that the style won't last unless the clothes are well made and unless they are pure wool.

Style That Holds

Smart clothes that stay smart and that sell at your price—this is what these honest men have produced for you in their 59 years of endeavor.

We know these men. We know their wonderful factory. We know their clothes.

So we cheerfully add our guarantee to theirs.

You take no chances with CLOTHCRAFT CLOTHES.

FOR CONTEMPT OF COURT

Mrs. Evelyn Thaw Sentenced to Pay a Fine.

New York, April 30.—Failure to appear in court to submit to examination in supplementary proceedings caused Mrs. Evelyn Nesbit Thaw to be adjudged in contempt of court by Justice McAvoy and sentenced to pay a fine of \$250 within five days or suffer imprisonment.

The court also granted an order for the appointment of a receiver for the property of Mrs. Thaw. This action is the outcome of a judgment for \$250 obtained against Mrs. Thaw by a milliner.

Chauffeur Indicted for Murder.

New York, April 30.—William Darragh, a chauffeur who on March 26 ran down and killed thirteen-year-old Ingvaard Trimble, son of a prominent attorney of Covington, Ky., has been indicted for murder in the first degree.

Heavy Snow in Wyoming.

Casper, Wyo., April 30.—Five inches of snow has fallen here in the past twenty-four hours.

To Digest the Food

Bile in the intestines is as important to digestion as are the gastric juices in the stomach and bile is only supplied when the liver is in active condition.

The serious and chronic forms of indigestion are cured by Dr. A. W. Chase's Kidney and Liver Pills because of their influence on the liver causing a good flow of bile to aid digestion and keep the bowels regular, thereby preventing fermentation of the food, the formation of gas and all the disagreeable symptoms of indigestion.

Long standing cases of chronic indigestion yield to Dr. A. W. Chase's Kidney and Liver Pills after all else has failed.

Mr. F. W. BIGLEY, Murraysville, W. Va., writes: "For sixteen years I suffered from indigestion and liver trouble and consulted several physicians in vain. Two boxes of Dr. A. W. Chase's Kidney and Liver Pills did more for me than all the medicines I ever used. My mother used them with equally good results."

One pill a dose, 25 cts a box, at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.
